THE KEN CHORDS from Kenosha willl appear in the coming performance of "Music Man" at the PM&L Theatre. Left to right, James Behl, Larry Pflueger, Bill Van Thiel and Larry Freeman.

Ken Chords To Sing In 'Music Man'

The happy fellows pictured are the Ken Chords, the experienced barbershop quartet from Kenosha that will harmonize in PM&L's production of "The Music Man" on July 16, 17, 23, 24 and 25. From left to right are James Behl (first tenor), Larry Pflueger (second tenor), Bill Van Thiel (baritone), and Larry Freeman (Bass).

While casting "The Music Man," Ken Smouse, director of the musical comedy, had a problem. The script called for the members of the River City, Iowa, school board to break into true barbershop harmony for numbers like "Sincere."

The famous "Buffalo Bills" had taken the roles for the Broadway and Hollywood versions of the show. Where could a similar group be found?

Ken solved the problem by using members of the same national organization that had fostered the Buffalo Bills: The Society for the Preservation and Encouragement of Barbershop Quartet Singing in America. With some 30,000 members in its ranks, the Society's National Headquarters Chapter is in Kenosha, home grounds for the Ken Chords.

Class B Champions in the Land of Lakes Area, the Ken Chords agreed to both act and sing in "The Music Man." Their smooth harmony promises to be downright enjoyable when "The Music Man" comes to town.

Rain Delays Opening Nite Of Carnival

The carnival came to town Tuesday—and brought with it the first rain in Antioch for weeks. Opening night was rained out Tuesday, but the festivities started Wednesday night and will continue through Sunday, July 11.

Eight rides are operating for the entertainment of carnival-goers, and a variety of games and booths. There's a refreshment booth, and a dessert booth operated by the PTA.

Sponsored by the Antioch American Legion Post, it's their big money-raising event of the year. The carnival is located in the Antioch parking lot on Orchard St., east of the A&P Store.

Ace Hardware Open At New Location

Ace Hardware opened at its new home in the Antioch Shopping plaza last week with an expanded stock and more lines in its larger new home.

The aisles are wider, and most items are self-service. There's a service bar in the back for anyone needing advice or help.

The new store is 90' x 135', with a 2,000 square foot addition on the west side of the building for a storehouse. The store itself covers 12,150 square feet. There is 2,000 square feet additional space in a gallery which houses offices.

Shopping carts are available for customer convenience, and there are three check-out counters.

Board Defers Action On Sewer & Water Bids

Bids on sewer and water mains to the new village pump were opened at Tuesday night's village board meeting but no contract awarded.

Village Engineer Roger Patzer asked for time to study the bids because of the extreme disparity in bid. The only bid on the village pump, from Layne Western, was not acted upon because no other bid was submitted.

The contract for the sewer and water mains will be awarded at a special meeting on Tuesday, July 13. The board is re-advertising for bids on a pump for the new well, with bids to be opened at the next regular meeting on July 20.

On the sewer and water mains, Illinois Underground Construction, Round Lake, bid $19,947; Lake Forest Sewer & Water Construction bid $19,573.50; E. Robinson Construction Co., Zion, bid $19,721.65 and Bob Johnson Construction Co., Morton Grove, bid $16,718.75.

The board approved payment of $1,592.49 to Clyde Engineers for work on the Harden St. sewer.

Edgar Simonsen reported that a portion of Sequoit Creek which was to have been cleaned out has not been worked on although a contract was let for the job some months ago. The board instructed the village clerk to notify the contractor that work should be started within ten days or the contract would be cancelled.

Vern Barnstable reported that Antioch Lumber & Coal Co., is cleaning out a portion of the creek on their property and tiling surrounding areas. He suggested that if other property owners along the creek would follow suit the condition of the creek would be improved.

The Police Committee asked for an amendment to the parking ordinance, prohibiting parking on the north side of Lake St. from Hillside to St. Peter St. This, Arthur Meierdirk said, would eliminate a dangerous condition, particularly on Sunday morning, when traffic congestion on the narrow street creates a hazard.

The board approved the amendment, and also approved a suggestion to eliminate parking on the north side of Lake Street, from St. Peter's Rectory to Tiffany Arms from 6 a.m. to 1 p. m. on Sunday.

The board approved a motion to purchase a new siren for the Antioch Fire Department at a cost of $700.

The problem of junk cars and lots overgrown with weeds were considered by the board, but no definite action taken.

Civil Defense Director John Dupre reported that a class in Radiological Monitoring will start at 7 p.m. next Monday (July 12) at the Antioch Fire Station. He pointed out that shelters are useless without trained personnel to take over the tasks of supervision, monitoring, etc., and invited anyone interested to attend any of the classes. The complete course will consist of two hours a week for six weeks.

Mayor Ray Toft reported that Quaker Industries had asked permission to install a temporary fence around a dumping area, with the fence to extend across Bartlett St., at present unused, and to install No Dumping signs. The village attorney recommended that the request and permission be incorporated in an exchange of letters.

The board approved a motion to install Stop signs at Plaza exits.

Ray Toft reported that a commercial fogger, to kill mosquitoes, could be purchased from former Mayor Murrill Cunningham at a price of $1,000. A committee was appointed to investigate the purchase.

The Appropriation Ordinance for the fiscal year was read. It will be on file at the village clerk's office until the next regular meeting, when it will be brought before the board for approval and publishing.

Start Speed Swim Club

Something new is being planned in activities at the Antioch Swimming Pool—classes in speed swimming, with regular schedulings of competition.

Anyone interested in the new classes is asked to be at the Antioch Pool at 9 a.m. on Saturday, July 10.

Only requirement for joining the new group is the ability to swim in deep water. Along with the classes, several meets will be scheduled with competition at various age level sand with different strokes, also relays.

Those who are already scheduled for the speed swimming classes, starting July 26, will automatically be registered in the new program if they wish to participate.

The new Speed Swim Club will be under the direction of Charlotte Queen and Dave Fox, and will run for the rest of the summer.

More Entrants In Miss J.C. Contest

Two more girls are added to the list of those contending for the title of Miss Lake Region Jaycee. Ginny Wells, Rte. 3, Antioch, is 18 years old, 5 feet, 6 inches tall, and weighs 118 pounds. She graduated from St. Joseph High School in 1964. Her hobbies are swimming and dancing, and her pageant talent will be dancing. She's sponsored by Gibbs & Jenssen.

Patricia Dibble, 208 E. Grand Ave., Lake Villa, is 17 years old, 5 feet, 3 inches tall and weighs 110 pounds. She attends Antioch High School. Her hobbies are water skiing, swimming and baton twirling. Her pageant talent will be baton twirling. She's sponsored by Wilton Electric Shop.

Last week's paper carried pictures of Avon Dyer and Kathy Smith, two of the contestants for Beauty Queen.

Entries in the beauty contest must be in by July 24. The girls must be between the ages of 16 and 21. Entry blanks can be obtained at the Jayceees Information Booth on the corner of Lake and Main in Antioch.

The 1965 Beauty Queen will be crowned at the Lions Bar-B-Q on August 8. Bob Lindquist is chairman of the event. Miss Joan Tanner was chosen Miss Lake Region Jaycee last year.

Ginny Wells

Patricia Dibble

Chamber Meeting At Noon Next Monday

Improvements for the "park" at the corner of Lake and Main Sts. will be under consideration at the meeting of the Antioch Chamber of Commerce on Monday, July 12. The luncheon meeting will be held at Lorenz's Country House.

Benches and plantings to beautify the corner are being planned by the Chamber.

Next Chamber promotion will be Maxwell Street Days on July 29, 30 and 31.

No Decision On Wilmot H.S. Change

The committee appointed to decide if the Wilmot High School district should become a K-12 District was unable to reach any decision last Tuesday night.

The committee voted to adjourn and meet again on July 13.

Twice during the meeting the committee voted 3-3 on proposals to settle the issue. If they fail to reach an agreement at the July 13 meeting, the movement would die by default.

The committee is considering a plan to change the present Union High School District to a complete kindergarten - through-12th-Grade District.

Resolutions opposing the proposal were filed by the boards of Silver Lake, Twin Lakes, Wheatland, Randall and Salem elementary districts. Some of the boards were opposed unless a referendum were held.

In favor of the proposal were Henry Bierdz, president of the Wilmot high school board; James Yanke, Randall; William Dombrow, Shorewood Terrace, asked for details on the mechanics of the proposal; Mrs. Lyle Skinner, Randall favored the K-12 proposal; Alfred Fischer, president of the Twin Lakes village board; and Miss Grace Carey, Wilmot.

Camp Lake Woman Found Guilty of Manslaughter

Mrs. Cynthia Schmidt, Camp Lake, was found guilty of manslaughter last week in Kenosha County court in the death of her husband, Donald. The conviction carries a maximum 10-year sentence.

Mrs. Schmidt had been accused of beating her husband to death with an andiron as he lay sleeping on the living room sofa.

The couple had been married 11 years and had seven children. Two of the children were born a month after the slaying.

The defense had asked for a verdict of not guilty by reason of insanity.

Legion Historians To Meet In Chicago

The American Legion Historians, representing the 25 posts in the Tenth District, will gather on July 11 for a last meeting before the Illinois Legion Convention.

The Historians' Society will meet at the Chinese Community Hall at 250 West 22nd St., in Chicago with the Chinatown American Legion Post No. 1003 as the host. The meeting will be followed by dinner and a trip through Chinatown.

The Legion Convention will be held July 22 through 25 in Chicago.

John L. Horan, Antioch, a past president of the Illinois Historians' group and at present their Judge Advocate is serving on the arrangement committee for the association.

Horse Racing At Wilmot Fair

A new attraction at the Kenosha County Fair in Wilmot this year will be horse racing.

The fair will run from August 12-15. The racing program is tentatively planned to include quarter and half-mile races, also pony and standard sulky racing. Two of the races will be open to any style horse and equipment. The races will be held Thursday night, August 12.

A Sunday afternoon water fight will be held, featuring city and county fire departments.

Improvements are now being made on the Fair grounds and buildings. The fair will include the usual livestock exhibitions, commercial and club exhibits and Midway.

Library At Channel Lake School Open

The library at the Channel Lake School will be open every Saturday afternoon for two hours from now on for the convenience of youngsters in the district who like to read.

The library will be open from 1 to 3 p.m. Saturday afternoons. Any youngsters in the district may take out books. Mrs. Jean Soby is in charge.

July? Windy, Hot, And Cold

If you're planning to reshingle your roof, better wait till August. That's the latest word from Dr. Charles Solar, Antioch's own weather forecaster.

July will be stormy, says Solar, with gusty winds—a regular shingle-wrecker. No disastrous storms, he says—just a wind with a nuisance value.

As for the temperature, it'll be alternately hot and cold, says Doc. Steaming one day, chilly the next. Sounds like a rehash of June, doesn't it?

A lot of moisture in July, a dry September and October. That's the word. Doc sneers at Mathon's forecast—a hot, dry summer.

Mushrooms? 'Tis a sad forecast for the mushroom-lovers. Better go farther north to catch the good crop, he says. Lots of moisture there insures a bumper yield.

Doc Solar, you may remember, foretells the weather by keeping an eagle eye on mushrooms (much more dependable than perch), plus a few astute observations gleaned in years of experience outdoors, plus a little common sense. The latter, he feels, is a commodity somewhat lacking in friend Mathon.

Consolidate Bristol School Districts

The consolidation of three Bristol school districts was approved by a margin of 15 votes last Tuesday.

The referendum combined Hazel Dell, Woodworth and Joint District 1, which already was a consolidation of North and South Bristol districts and the Pikeville district.

There were 194 yes votes and 179 no votes cast.

Nearly all of the township is now part of the new joint district. A $190,000 addition to the South Bristol school is in the works. It was approved by voters in May.

The 4-H idea began to materialize in the late 1890's when rural school superintendents encouraged students to plant corn, tend a garden, sew and cook. School fairs were held and ribbons awarded winning exhibits.

Fire Calls In June

Fire Chief Edgar Simonsen reports that there were twenty fire calls answered by the Antioch Fire Department in the month of June. Three of the calls were within the village of Antioch, 17 out in the District.

There were several fires in cars, mainly, says Edgar, caused by the igniting of gas from flooded carburetors. Several grass fires, too. The lack of rain has led to increased danger of grass fires, points out Chief Simonsen.

Fire calls were: on June 12, car fire in Volks subdivision; June 12, brush fire at Carroll's Resort at Bluff Lake; June 12, grass fire at Indian Point; June 13, grass fire near Grass Lake Road and Broadway; June 16, false alarm at Addison Lane in Felter's subdivision; June 19, grass fire in O'Malley's subdivision; June 20, car fire at Routes 173 and 59; June 22, fire in rubbish dump at Indian Point.

June 24, car fire at home of Fred Smith, Beach Grove; June 25, grass fire at Al Pedersen farm west of Channel Lake; June 26, grass fire in Ferrin's subdivision at Grass Lake; June 26, grass fire at rear of Shoes by George; on June 26, a call to get a cat out of a tree at Lorenz's Country House; June 28, a barn fire on Wilmot Road west of Lake Ave., and grass and rubbish fires at the same location; June 30, a grass fire at Highland and Lake Avenues, and June 30, grass and rubbish fires at State Line Road east of Rte. 45.

Actions On Drivers License

Several Antioch drivers lost their driving licenses recently, according to reports issued by the office of Secretary of State Paul Powell.

License suspended after three violations: Dale E. Cunningham, 669 N. Main St., Antioch; Alan G. Haisman, 138 4th Ave., Rt. 4, Antioch; Dudley E. Sheehan, Box 211, Rt. 4, Antioch.

The license of Earnest L. Franks, Rt. 4, Box 323, Antioch, was re-entered as suspended after he was accused of driving while license or permit has been revoked or suspended.

Rescue Squad Busy On July 4 Weekend

The Antioch Rescue squad was kept busy on the three-day Fourth of July week-end, with calls ranging from accident victims to an elderly man who fainted in church, presumably from heat prostration.

Joseph Kanka, Rt. 1, Box 183, Antioch, was aided by the squad on July 3 when he became ill at home.

Rudolph Mizar, 77, of Rt. 1, Box 274, was taken to Victory Memorial Hospital by the squad on July 2 after suffering a diabetic attack.

On July 4, Paul Brunke, 70, of Rte. 1, Box 408, Spring Grove, was taken to the hospital by the squad after an asthma attack.

Francis Schweiger, 75, was taken to Condell Hospital from Old Orchard Inn suffering a hemorrhage.

On July 4, Ralph Bradford, 26, of Great Lakes, was taken to Great Lakes Hospital after he received severe lacerations of the left shoulder in a boating accident.

Ruth Goelz, Rte. 1, Box 286, was taken to the Clinic by the squad with a lacerated left foot.

Edward Drisch, 67, of Rte. 2, Box 543, Loon Lake, was treated at the clinic after fainting in church.

On July 6, Ann Helton, Route 173, Antioch, was taken to Victory Memorial after becoming ill at home.

T. Branagan, 58, 8641 Gross Point Road, was taken to the clinic after suffering a probable heart attack at George Diamond's Country Club.

ITA REPORTS ON TB.

Mrs. Horace S. Vaile, Highland Park, a member of the Lake Co. TB. Assn., was in Springfield attendina g meeting of the executive board of the Illinois TB Assn.

It was reported at the meeting that 3370 new active cases of TB were discovered in the state in 1964 and that 455 Illinois residents died from this disease.

New Phone Service Gives Antioch Wider Calling Range

New optional services, offering wide-range, toll-free calling and reduced monthly bills for many Antioch customers were filed today with the Illinois Commerce Commission, according to Dick Miller, Illinois Bell Telephone manager. The new services would go into effect August 1, and will make possible annual Illinois Bell customers savings of $2,725,000. All existing services will be continued with no change in rates.

Today's proposal is the second step in the company's three-part $6,160,000 rate reduction program introduced in May. This includes lower rates for long distance calling within the state which became effective on June 19. Other rate adjustments will be submitted to the Commission later this year.

A new offering for one-party residence customers in Antioch and 37 other Illinois exchanges, is Outer Metropolitan Call-Pak, Miller said. This is being offered to phone users within a band of approximately 28 to 40 miles of downtown Chicago.

With this service, customers could realize substantial savings through the elimination of short-haul toll charges, even though basic monthly services would be slightly higher than for present services.

Outer Metropolitan Call-Pak has these features:

1. It gives a wider toll-free local calling area for a flat monthly rate, permitting customers to call as often as they want and talk as long as they like within this larger area at no additional cost.

2. It permits savings of various amounts for calls made outside of this toll-free local calling area, but within the 3,000-square-mile Outer Metropolitan Area, including Chicago itself. This allows customers to "tailor" their phone service to their individual needs.

In Antioch, for example, phone users now have a toll-free calling area consisting of the Antioch and Lake Villa areas. With Outer Met Call-pak service, the following towns would be among those added to the toll-free calling area: Fox Lake, Waukegan, Zion, Richmond, Trevor, Wis., McHenry, Pistakee Highlands, Round Lake, Grayslake and North Chicago.

Outer Metropolitan Call-Pak comes in four sizes: Unlimited, 300, 150 and 50. Call-Pak Unlimited customers in Antioch, for a flat monthly $30 charge, can call as often as they want and talk as long as they like to any of more than 2,000,000 customers within approximately a 40-mile radius of downtown Chicago.

The Call-Pak 300, 150 and 50 provide an expanded toll-free local calling area along with volume discount packages of 300, 150 or 50 call units for calls to other communities within the Outer Metropolitan Calling Area. Additional units used over the allotment will be billed at discount rates. They give a nickel's worth of service for less than a nickel.

One-party business customers in this area also can have a new monthly service giving them the same expanded toll-free local calling area. In addition, calls to phones outside of the toll-free area but within the Outer Metropolitan Calling Area would be billed at discount rates.

Detailed information on all of the proposed services is being forwarded to Antioch customers with their bills this month, Miller said.

The Illinois Bell filing also reduced by $5 the Touch-Tone telephone charge to residence customers on orders to establish new service or when customers move. This change is effective immediately; all other proposals would be effective August 1.

A Big Return Per Dollar

Ever wonder what happened to the money you sent to the Lake County Tuberculosis Sanitorium via the dollars you paid for Christmas Seals? Here are some facts and figures from their report.

A total of 68,894 letters were sent with Seals last year, from which $93,260.83 was received, a return of .27 per capita.

Tuberculin tests are given free to all school children. The Mobile X-Ray Unit visits industries, schools, communities, hospitals, colleges and other institutions every year, offering free chest x-rays to all over 18 who will take advantage of them.

A total of 46,377 persons had chest x-rays through this service last year. Of this number, 41,867 were O.K.; 663 were referred to the clinic; 6 cases of emphysema, 4 of carcinoma, 94 heart defects, and 25 cases of arrested TB, plus 3,718 other findings resulted. There were fifteen patients admitted to the Sanitorium as a result of the program.

In addition to locating tuberculosis cases, the Christmas Seal dollars pay for educational material and its distribution and a small part of the income is given to the Illinois Research Program. This is used to find tools to completely eliminate tuberculosis.

Time Solves Some Problems

The question of keeping schools in session for twelve months of the year has long been debated. Expensive schools standing idle for three months while school taxes soared and crowded conditions called for additions made year-around use of the schools seem more and more attractive.

This is one problem that seems to be solving itself, thanks to action by the administrators of the schools. Summer school is drawing heavier attendance every year. Although this may not mean classes are in attendance every month of the year, the schoolrooms are being used ten and eleven months.

Some time is needed when classrooms are empty for painting and other maintenance work. Summer school attendance may pick up eventually to where year-round employment of teachers will be possible.

High schools generally are reporting ever higher summer school attendance. The greater number of courses offered, of course, the higher the enrollment.

Illinois State University at Normal reports 3,394 students attending the eight-week summer session, 10 per cent more than a year ago. Northern Illinois University at DeKalb reports enrollment for the summer session may run about eight per cent above the 1964 enrollment.

Full use of school facilities and teachers for eleven months of the year would seem a desirable and money-saving goal. Summer sessions may well bring that about.

ALONG THE WAY *with Annie Mae*

Well, I'm back! Tired, sunburned and broke! Is there any other way to come back from a vacation? My spies tell me you all behaved very well while I was gone, or else you kept your escapades undercover.

THE LATEST REPORT: Sure is good to see **Dick Miller's** smiling face perched behind his desk at Illinois Bell again. . . . **Myrus Nelson** is back on the job too, after a little tailoring job. . . . those "Three Men in a Tub" up on Rainy Lake, were Doctor **(Kopriva)**, Lawyer **(Larson)**, and Merchant Chief **(Hawkins)**. . . . Could it be that Antioch Lake is bowing to the motorized age after all? 'Tis a boy named **Jeff** for the **Jerry Van Pattens** over on First St.

NOTES TO YOU: Another industrialist in our fair Village takes a step forward, as the **Chicago Ink & Research (W. Doty)** begins an expansion plan. . . . The grapevine is insisting on a "Curio and Coffee Shop" for the old **Taylor** building. . . . Were you as confused as the rest of us when you read the News-Sun story concerning the change of **drivers license laws?** The truth of the matter is, the major change is that after January 1, 1966 anyone under 21 will need a parent's consent to be eligible for a driver's license. Savvy now?

THE LAST DROP: These changing times will even be reflected in the **American Legion Carnival** this weekend. No more straw in the sandals, or gravel in the shoes, it too has joined the asphalt jungle! When you get a glimpse of **John Deegan** and his gigantic pipe

Courthouse Notebook

BY LOU DURKIN

Another session of the Illinois General Assembly has come and gone, but it will be several days before a full report of the activities can be written.

The chaotic ending to the regular session left scores of major decisions unresolved and a special session to untangle the revenue snarl is almost a certainty.

It is quixotic to expect legislators who gained their seats in the General Assembly by political means to completely disregard politics when it comes to voting on major issues affecting the state, but the extent to which the political game was played in this session was a travesty on the democratic system of government.

The legislature passed some worthy bills and rejected some proposals which should never have been presented, but whatever accolades the legislators might have earned will be overlooked in the long range appraisal of this session.

Gov. Otto Kerner must share part of the blame because he again failed to exert active, strong leadership over the General Assembly and particularly over the Democratic forces.

The governor understandably resents the repeated Republican accusations that he is a puppet controlled from Chicago's City Hall, but he did little in this session to overcome the charge.

It is probably wishful thinking to expect the Reapportionment Commission to be appointed by the governor from a list of names to be submitted by the state chairmen of the two parties to achieve a responsible reapportionment map unless the Chief Executive does a little arm-twisting.

Gov. Kerner failed to display the slightest degree of leadership with the commission two years ago and it is doubtful if he will this time.

If the commission fail to act in four months it will mean another at-large election of State Representatives.

Republicans are clutching at a straw by pointing to the off-year election tradition which usually suggests a victory for the "out" party and the GOP in Illinois is about as "out" as you can get.

Employes in the Lake County Courthouse who are fortunate enough to have offices on the north side of the building are enjoying a daily show performed by the agile steel workers who are engaged in putting together the web of steel for the new building.

The framework is rising steadily, but it is only a matter of weeks until the show will be over as the walls begin to go up shutting off all views on the north side.

As the building begins to take shape agitation is increasing in some quarters for completion of the entire courthouse project at this time instead of extending it over several years.

Most of the agitation is undoubtedly based on the argument that it will be cheaper to do it all at once instead of in a series of steps, but there is probably a little professional jealousy involved as well.

Since the section of the building now under construction does not provide for any courtrooms it is reasonable to suppose that the judges and magistrates are going to consider themselves poor relations if they have to utilize space in the old section while the menials of the county treasurer's office, the supervisors, and other lesser humans wallow in the luxury of the new building.

As a closing thought on the sorry session of the Illinois General Assembly perhaps now is the time to start thinking seriously about a constitutional amendment which would prohibit lawyers from serving in the legislature.

This would resolve much of the conflict of interest problem which apparently hamstrings the legislative body.

It seems only fair that if the judicial branch of the government is to be limited to members of the bar, they should be barred from enacting the laws on which they may be called to rule in the future.

Of course there is little hope for such an amendment since members of the legal profession out-number non-lawyers and control most of the legislative machinery.

But the legislature does do strange things.

By Pearl Kapell

June-moon-spoon are still magic words for romance. A total of 97,171 marriages were recorded in the state of Illinois during 1964, with the greatest number in June. I'm sure some people must feel as though they have attended nearly that number in the month just past.

To add a discordant note, there were 21,055 divorces in the state last year. And December is the favorite month for divorce.

With Ace Hardware opening its doors in the Antioch Shopping Plaza, the Plaza begins to really shape up. Wouldn't you love to know what's going in between Ace and Antioch Drugs?

PROTECT THE CHILDREN

The Illinois Legislature has passed a law that physicians and hospitals must report suspected cases of child abuse, to law enforcement agencies.

"Battered babies" stir everyone's sympathy. This law says physicians and hospitals must report suspected cases to authorities.

Sounds fine. Only the probable result will be that parents who are cruel enough to injure their children simply won't take them to doctors or hospitals. And it may well result in perfectly innocent parents being wrongfully accused. Anyone who has raised children knows that the most amazing combinations of circumstances can often conspire to make him look like a child-beating monster.

What happens when Junior accidentally clobbers Sally alongside the head with a shovel? Is the doctor going to have to hold court to decide whether Mom or Junior inflicted the wound?

You can't judge a book by its cover—and that's proved repeatedly in the scores of informative pamphlets that flow across an editor's desk.

One of the simplest and cheapest, but one of the most eye-catching I've seen, was in the mail this morning—a resume of the activities of the Lake County Tuberculosis Association. It also contains a fund of pertinent information, and figures on how many patients were treated last year by the Association.

Who puts out the most elaborate, the most expensive brochures we receive? The various "planners", both county and city. They contain pages of prose detailing the dire fate that awaits this growing county, and detailed, beautifully drawn graphs. And that's about all.

Symbol of Better Health

Medical Emblem of Greek Origin

The caduceus, emblem of the medical profession, is derived from the staff carried by the god Hermes in Greek mythology. Among the Greeks is was the mark of heralds and ambassadors . . . today it heralds better health for the entire community.

Letters to the Editor

TO THE PEOPLE OF ANTIOCH:

The coming two weeks are a very important period for boys' baseball in Antioch.

On the 10th of July Little Leaguers in uniform will be on the streets of Antioch selling decals.

On the 24th of July, the Little League will present a pancake breakfast at the Antioch Savings & Loan Bldg. These two projects are intended to provide the bulk of the operating funds for volunteer supervised baseball for your boys.

Your past support of such projects has brought Antioch Little League baseball to an increasingly large number of boys. Your support now will help insure its continuance.

We of the Little League feel that the boy who participates in Little League baseball with its precepts of clean living, sportsmanship and low pressure-low emphasis competition will be the better for it.

Your comments, criticisms and contributions will be appreciated.

Antioch Little League
Box 130, Antioch

To the Editor:

Is it possible "our boys", 3rd. floor, courthouse, really do know what they are doing?

The two Resolutions sent to the Resolutions Committee, last regular meeting, June 14, complemented each other. The first Resolution was to authorize the expenditure of approximately $140,000 for working drawings for phases 2 and 3 of the Courthouse Complex, and the second Resolution would put the County Board on record as willing and eager to cooperate with the newly formed group whose professed concern is alleviation of poverty in our presently very rich Lake County.

Since statistical reports have placed Lake County anywhere from 3rd to 7th richest county in the United States, asking for Federal funds to curb poverty here would, at first reading, appear absolutely ridiculous. Even our 3rd floor statesmen, who've been party to countless ridiculous measures must have realized the utter absurdity of this move.

Ergo—if poverty doesn't exist to alleviate—it's obvious it must be created—then we can busy ourselves correcting the results of our stupidity. Make sense?

The easiest way to drain off the savings of the retired and bankrupt the fixed income inhabitants is to increase the taxes, and what could be a surer way than to embark immediately on ALL phases of the "free" ($20,000,000) Courthouse Complex! !!

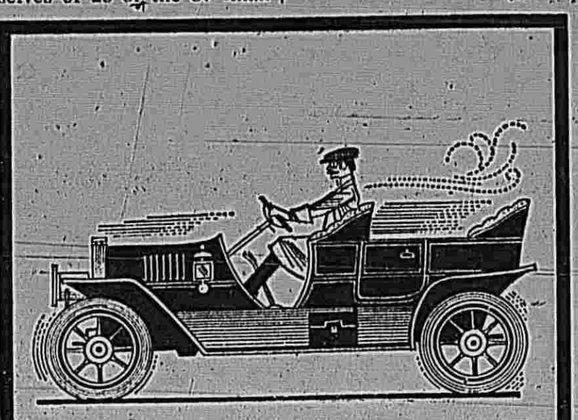

A second glance at your tax bill before you send off the first installment—and who can pay it all at once—tells us, 12th item, that we've a new levy this year—.036 for the "free" courthouse, under the obscure title, Pub. Bldg. Com. Rent. So, .036 for the 1st phase, .036 for the 2nd and .036 for the 3rd gives us a conservative estimate of .108 to create Lake County's poverty almost overnight.

Instead of looking for our county in the top ten richest counties in the years to come, we can, thanks to the foresight of our County Legislators, run our fingers down the line—ah, ha, here we are, poverty-stricken 100th, 150th, who knows? But we'll have a $20,000,000 "free" courthouse and a group of earnest, concerned citizens working altruistically (Lake Countians should read a few stories on the salaries paid to the "poverty program" planners in other areas of United States—$10,000 for the lesser directors, some "experts" get $50 a day) to erase the poverty the "free" courthouse induced.

I agree with Representative Hartnett on few matters political but his bill to divide Lake County into 9 Supervisory districts sounds sensible. If we could rid ourselves of 28 of the 37 financial wizards on the County Board, we might be able to remain solvent. Too, it would be an easier task to locate 9 honest, intelligent citizens to serve us, than 37 who fit those qualifications.

"YOU CAN BE CONFIDENT"
You can't be of much use to anyone, or live a worthwhile life, unless you have genuine confidence. But you can't bluff it. Confidence in anything these days, as this program shows, has to depend on a deep spiritual understanding of man's purpose, his source and destiny.

More Than $4.2 Billion For 10,000 New Schools

Washington—(HK)—More than $4.2 billion will be spent by communities throughout the U.S. this year to build some 10,000 new public and private schools.

In addition, Congress recently enacted a $1.3 billion federal aid-to-school program of which a good segment of the funds also will be used for construction.

These billions of dollars designed to provide modern elementary and secondary schools for the ever-expanding student population has created a huge temporary reservoir of funds that some critics fear may be wasted on needless furnishings and frills instead of educational necessities.

With the nation's taxpayers thus footing tremendous bills for investment in needed school facilities, education officials have been urged from the floor of the U.S. Senate and by state and community leaders to make the most economical-and-efficient use possible of the funds.

The great majority of local school boards and school administrators are expected to try to give their taxpayers outstanding modern schools at the most economical cost. However, rising concern is being expressed in some localities over a trend to put sorely needed construction money into "unnecessary frills and luxuries." An example of expensive embellishments that have come under fire is wall-to-wall carpeting.

In some communities, economy-minded critics have scoffed especially at claims that while wall-to-wall carpeting has a higher initial cost, it is cheaper to maintain than other regularly used flooring materials.

COST STUDY

They point to published reports by floor covering users throughout the country — commercial buildings as well as schools and universities—showing that the installed cost of carpeting is at least 3½ times as much as regular resilient flooring, and that carpet's service life is only half as long.

One major study, for example, shows the installed cost of carpeting to be $1.50 per square foot, as compared with 40¢ per square foot for the much-used vinyl asbestos tile. The same study shows maintenance costs of carpeting to be 50 to 70 percent higher per year.

Another cost study covering some 14 schools and commercial buildings shows the annual cleaning costs of carpeted floors to be about twice as high as for regular floors. These studies, along with experience reports from several major universities, show the "total annual use cost" of carpeting to be more than 2½ times higher. Total annual use cost, it is explained, results from dividing installed cost by the number of years of expected service life, and adding the annual cost of maintenance.

Claims that wall-to-wall carpeting is "necessary" as an acoustical material also are being questioned by citizens who say they want to see their educational dollars go as far as possible in providing expanded facilities and assuring more and better teachers.

They point to the experience of 31 new schools that were winners of 1964 Citations of Excellence for Design, as named by The Nation's Schools Magazine. All the winning schools received such citations from either the American Association of School Administrators or a chapter of the American Institute of Architects. Only one out of the 31 schools has carpeted classrooms. Others that have been put into operation, with resilient flooring, say that they have no acoustical problems related to their flooring.

Manhattan Skyline

PAUL HAWKINS, 1965 Muscular Dystrophy Poster Child, gets his first view of the Manhattan skyline from the New York Life Insurance Company building. The company's chairman, Richard K. Paynter, Jr., shows the city to Paul. The Empire State Building, world's tallest, is at right. Paul will be 3 years old in June and lives in Dillon, Montana.

SCIENCE briefs

Protecting Water

Huge rubber sheets, thousands of square yards in area but only a few thousandths of an inch thick, are now being used to protect the bottoms of reservoirs from seepage and plant roots. The latest has been installed in Warwickshire, England.

—o—

Can Heartbreak Kill?

There may be no such thing as a broken heart, but losing a loved one may lower resistance to cancer, scientists reported at a recent conference. Despair over a separation or death often precedes the onset of a number of different kinds of cancer, they said.

—o—

Now You See It . . .

A paint which changes color with changes of temperatures has been developed for the U.S. space program. It may also be useful on rooftops, to help heat and cool buildings.

Gas Incinerator Sale!

save as much as $55

(instead of saving garbage)

Storing garbage in outdoor containers is an outmoded, unsanitary practice at best. The solution is a modern gas incinerator that disposes of garbage and all burnable trash—conveniently, automatically. No fuss, no muss, no smoke, no odor. Here's your chance to get a gas incinerator at real savings:

Limited time incinerator offer
- Special low prices
- Free normal installation
- 60-day "Proof-of-Performance" offer
- No money down—up to 48 months to pay
- Choice of quality brands: Calcinator, Majestic, Martin, Warm Morning
- Special values on utility shed for outside installation

Act now
Offer ends August 31, 1965. For complete details call the number shown below. Our sales representative will be pleased to help you select an incinerator for your home and also discuss installation requirements for either inside or outside use. Phone 356-2301

NORTHERN ILLINOIS GAS COMPANY

Gas makes the big difference . . . costs less, too.

Mr. and Mrs. Dennis Beattie

Wedding Bells For Judith Gaston

The Antioch Methodist Church was the setting June 26 for the marriage of Miss Judith Lee Gaston, daughter of Mr. and Mrs. Donald R. Gaston, Trevor Road, Antioch, and Dennis Beattie, son of Mrs. Veva Beattie, Tiffany Road, Antioch.

The Rev. C. W. McClelland of Ottawa, Illinois, assisted by the Rev. Donald Cobb, officiated at the 3 p.m. double ring ceremony. Given in marriage by her father, the bride wore a traditional gown of silk organza over taffeta with floral lace applique, fitted bodice embroidered with seed pearls, bateau neckline, long tapering sleeves and chapel train. A tiara crown of seed pearls and crystals held her French imported illusion veil. She carried a bouquet of white mums centered with orchids.

Miss Edna Beattie, sister of the groom, was the maid of honor. Miss Margaret Haley, friend of the bride, was bridesmaid.

The maid of honor wore a floor length gown of yellow linen with matching accessories. The bridesmaid wore an identical gown of green linen with matching accessories. They carried white daisies.

Douglas Beattie served as his brother's best man. Ralph Gaston, brother of the bride, and Patrick Beattie, brother of the groom, were ushers. Cynthia Beattie, a niece of the groom, was flower girl.

Stuart Good sang "Because" and "The Lord's Prayer," accompanied at the organ by Mrs. Mabel Lou Weber.

A buffet supper in honor of Mr. and Mrs. Beattie was held in the church Wesley Hall.

Both Mr. and Mrs. Beattie are graduates of Antioch Community High School. Mrs. Beattie attended Whitewater College and Mr. Beattie attended Carthage College. He is employed as assistant manager of the I.G.A. Foodliner at Winthrop Harbor.

They are now honeymooning at Niagara Falls and the World's Fair. They will be at home at 809 Sheridan Rd., Waukegan, after July 8.

Exchange Vows In June Wedding

Miss Judy Anderson and Mr. Rodney Raether exchanged wedding vows at the First Presbyterian Church, Winneconne, on Saturday, June 12. The double ring ceremony was performed by the Rev. Robert Oram. The bride was escorted to the altar by her father.

The bride is the daughter of Mr. and Mrs. Vernice Anderson, Rt. 1, Winneconne, Wis. The groom is the son of Mr. and Mrs. Orland Raether, Kenosha.

Miss Anderson wore a floor-length gown of white satin trimmed with lace roses and irirescent pearls. The bodice was fashioned with a high neckline and long pointed sleeves. A train extended from the waistline of the A-line skirt. A pill box headpiece held the floor-length lace veil. Her colonial bouquet was of pink cymibdium orchids surrounded by orchid carnations. She wore pearls which were a gift from the bridegroom.

Miss Carol Wentzel, maid of honor, and Miss Sharon Haney, Madison, bridesmaid, were gowned in floor-length dresses of brocaded lavender and wore matching pillbox headpieces with net veils. Their colonial bouquets were of white carnations with lavender pom centers.

Sweetheart roses made up the corsages worn by the mothers and the bride's two grandmothers wore corsages of pink carnations.

Edward Raether, Kenosha, was best man for his brother and groomsman was Larry Treadwell, Madison. Guests were escorted to their places by the bride's brother, Robert, and James LaBelle.

A reception was held in the school cafeteria from 3 to 5 p.m. Following a short wedding trip, the couple will reside in Kenosha for the summer and return to Madison in the fall to resume studies at the U. of Wisconsin.

Rainbow Girls Meet Monday, July 12

The Antioch Assembly, Order of Rainbow for Girls, will meet on Monday, July 12, at 7 p.m. at the Masonic Temple.

Leslie Beese, W. A., will preside over the meeting. Jannine Dow and her mother will be in charge of refreshments.

At the last regular meeting of Antioch Assembly, Darlene Meierdirk, daughter of Mr. and Mrs. Arthur Meierdirk, was elected to receive the degrees of the order. She will be initiated at the Grand Assembly Session in Chicago on Friday, July 16, at 9 a.m.

CANADIAN TRIP

Mrs. Dan Radakovic, Felter's Subdivision, returned recently from a trip to Canada. She was accompanied by her daughter, Mrs. George Bradrica, and grandsons, David and Danny.

They visited Mrs. Radakovic's brother, George Pzelak, in Detroit and relatives in Lincoln Park, Mich. Grandsons David and Danny Bradrica accompanied Mrs. Radakovic on a boat trip to Boblo, from Detroit.

Galangal is a drug prepared from a plant grown in southern China.

Brathwaite-Klier Wedding At First Baptist Church

Barbara Lee Brathwaite became the bride of Donald Lee Klier in a double ring ceremony at the First Baptist Church in Waukegan at 8 p.m. Saturday, June 26.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. Neal Brathwaite of 941 Muirfield, Waukegan. The groom of P. O. Box 147, Antioch, is the son of the late Mrs. Mildred Klier. The Rev. R. Claibourne Johnson officiated at the ceremony.

The bride wore a floor-length gown of silk organza and lace over bridal taffeta. The bodice was fashioned with a scalloped oval neckline and long tapered sleeves. The controlled skirt was edged in lace, sweeping into a chapel-length train. The imported illusion fingertip veil was held by a pearl tiara.

Betty-Jo Brathwaite, sister of the bride, was maid of honor; bridesmaids were Miss Diane Lucas, the bridegroom's niece, and Miss Sharon Doyle of Waukegan. The groom's twin daughters, Debra and Donna Klier, were flower girls.

The maid of honor wore a floor-length gown of blue taffeta with an overlay bodice of lace. A headpiece fashioned in the style of a braided circlet held the chapel veil.

Miss Doyle wore a lemon yellow dress and veil, fashioned after the maid of honor's; Miss Lucas' gown was mint green. The flower girls wore similar dresses of pink. The bridesmaids carried colonial bouquets of carnations in shades complementing the color of their gowns, while the flower girls carried baskets of carnations and roses.

A reception was held at the Followship Hall of the Church. The couple will be at home in Antioch after July 12, following a honeymoon trip to the Western states.

Mr. and Mrs. Donald Lee Klier

American Legion Auxiliary News

By Del Jahneke

At the July 2nd meeting of the Antioch American Legion Auxiliary, presided over by Mrs. John L. Horan, Sr., president, plans were discussed for the August 5th joint installation of officers of the Antioch American Legion and the Unit. Volunteers are needed for the American Legion and Auxiliary Carnival from July 6th to July 11th. Eight cashiers a night are needed to sell tickets for the ten rides that the carnival will have.

There will be a 10th District American Legion and Auxiliary New Citizen's Reception held at the Highland Park American Legion Home, at 8:00 p.m., on July 9th. The District has requested that all Posts and Units bring their flags to this meeting. The flags are then massed, in the background, around the speaker's platform, making a colorful and patriotic setting for the program.

The 10th District Director of the American Legion Auxiliary, Mrs. Albert Dorn of Mundelein, and her husband, proudly announce the arrival of a new little daughter, Lauri-Anne, on June 23, at the Lake Forest Hospital. Mrs. Lester Zitkus, Unit treasurer, and 10th District music chairman, and her husband, welcomed another son to their family on June 22, at Victory Memorial Hospital. 10th District Commander George and Mrs. Swenson also were thrilled to have a brand new silster, born on June 23, to join her four brothers at home.

CHEERLEADERS VIE FOR PRIZES

Cheerleaders from high schools throughout the state will vie for scholarships in a new series of contests as part of the Young America Fair, planned in connection with the Illinois State Fair August 13-22 in Springfield.

A statewide contest will name the outstanding threesome among high school cheerleaders. Following local eliminations, winning groups will come to the State Fair for the runoffs. Three $500 scholarships, one for each fiirst place winner, will be awarded, along with $100 cash for the high school's athletic fund.

Lake Geneva Trip Next For AARP

A boat trip on Lake Geneva is the next activity of the members of the Antioch chapter of the AARP (American Association of Retired Persons).

Members will meet at the Antioch Savings & Loan Social Room at 10 a.m. Tuesday, July 13. Thirty people have signed up for the trip so far.

The boat chartered for the trip is the double-decker, "Lady of the Lake." She has a capacity of 225 passengers and all conveniences for their comfort. Members of the Lake County AARP have been invitied to join the Antioch Chapter for the excursion. Reservations can be made with the Antioch chapter president, John L. Horan, 395-0645.

John B. Bellucci

Receives Medical Degree From Loyola U.

John B. Bellucci, 2638 N. Spaulding, Chicago, received his M.D. degree from Loyola University on June 8.

Mr. Bellucci is the son of Mrs. Minerva Bellucci, Rte. 3, Box 207, Antioch, (Aunt Min), and Dr. John B. Bellucci, 136 S. Wesley, Oak Park.

Mr. Bellucci plans to intern at Cook County Hospital.

MOOSE TOPICS

By Lillian Birdsell

Gert Good performed as senior regent for the Alice Young class, college of regents night held at the Antioch Moose Home last Thursday evening, July 1. Jane Meyer, Jr., regent for the evening and also guest speaker, gave an excellent speech on Mooseheart and its functions.

Alice Young was chaplain, Blanche Horton, treasurer, Mae Palmer, Jr. graduate regent, Harriet Grewe, guide and Mid Gillum as assistant guide.

Gert Good installed Millie Stroner as Jr. Regent and Doris John as argus.

Alice Young was presented with her red tassel for entering her second year as college of regents.

Three candidates became new members also on July 1. They are: Marguerite Nelson, sponsored by Jane Meyer, Marvene Bolton, by Mae Palmer and Margaret Moyer by Roberta Sapiega.

There will be an officers meeting on Tuesday, July 13, at the home of Evelyn Miller at 7:30 p.m.

A mystery bake walk will take place following the July 15 meeting to be held at Moose Home.

Initiation for the Loyal Order of Moose will be held Saturday evening, July 17, 8 p.m. Dancing will follow the ceremony.

Speedy recovery is extended to L.O.O.M. Ray Johnson of Lake Villa who is recuperating from a heart attack in in the Great Lakes Naval Hospital.

The Illinois Society for the Prevention of Blindness urges people to wear eye protection when doing anything which could cause an eye injury.

Garden Club To Tour Beauty Spots

The Evanston Garden Council, whose president is Mrs. George F. Bollenbacher, will be hostesses to The Garden Club of Illinois for its Second Summer Meeting in Evanston on Monday, July 12, at The Woman's Club of Evanston. Mrs. Troy A. Chapin, Jr., and Mrs. William M. Cress are joint chairmen of the event.

The Board of Directors of The Garden Club of Illinois will meet at 10 a.m., and Mrs. Chester Evans of LaGrange, president of the State Garden Club, asks all board members to be prompt as Mrs. George H. Gardner, luncheon chairman, has scheduled serving promptly at 12:30 p.m. Reservations should be made with Mrs. L. Wiscomb, 2500 Grant Street, Evanston.

Following the luncheon there will be a conducted one hour and a half bus tour of civic projects developed and maintained by the seven garden clubs of The Evanston Council. They are: Travelers Garden Club, The Lincolnwood Garden Club of Evanston, The Little Garden Club Highland Garden Club, Garden Club of Evanston, Green Gardeners Club and Four Seasons Garden Club. The tour will include The Shakespeare Gardens, The Walter S. Lovelace Memorial, the terrace of Charles Gates Dawes and now home of the Evanston Historical Society, Ladd Arboretum and the Merrick Rose Garden.

Patients Aid Society Meets Next Monday

The Woman's Auxiliary (Patients Aid Society) of Countryside Hospital will meet Monday, July 12, at 7:30 p.m. at the Ingleside Town Hall. One of the latest cancer films will be shown.

The ladies of the Auxiliary are planning an outing in August. Final details will be discussed at the meeting.

The ladies are asked to bring recipes of all types for the recipe book soon to be published. All recipes must be in by the August meeting.

Refreshments will be served at the conclusion of the meeting.

RUMMAGE SALE AT ST. IGNATIUS

The annual rummage sale sponsored by St. Ignatius Women's Guild will be held on Friday and Saturday, July 9 and 10, from 10 a.m. to 9 p.m.

In connection with the rummage sale a bake sale will be held each day.

ON HONOR ROLL AT WESTERN ILLINOIS

John Edward Hallwas, 1045 Osmond Ave., Antioch, is among the students on the spring honor roll at Western Illinois University.

Around 400,000 volunteer leaders are the core of some 94,000 4-H Clubs throughout the nation. They meet regularly with the members, supervise project work and assist with local 4-H events.

Postal Inspectors Kept Busy With Mail Fraud

An advertisement headed "Exceptional Opportunity" that appeared in national financial newspapers offered income potential of $50,000 a year or more to people who wrote to P. O. Box 9, Washington, D. C.

As sometimes happens in these situations, it was not long before postal inspectors were receiving complaints that things were not working out quite that way.

Charles C. Starnes, president of National Power Cost Service, Inc., was selling franchises for a service that turned out to be minimal, to say the least. In a sales brochure, the corporation claimed to have a staff of accountants, legal analysts, and engineering experts who were eager to show businessmen how to reduce their electric power bills.

For the sum of $2,500 and upward, franchises were granted to solicit industrial and commercial enterprises for this service. Sometimes there were unfortunate duplications, as in Florida, where two men received exclusive franchises for the same territory.

The customers were required to pay for the promised service in advance and many of them received reports that the analysts, try as they might, could figure out no way to pare electric bills. Other companies received no reports at all. The franchise holders, many of whom were excellent salesmen, failed to receive numerous commissions.

A grand jury in Scranton, Pa., indicted Starnes for intent to defraud and when he failed to appear for arraignment, postal inspectors found him in Los Angeles. They had to wait a while, though, while the State of California cleared up a matter of bad checks by sentencing Starnes to five years probation.

He entered a plea of no defense, was found guilty and sentenced, in Federal Court in Harrisburg, Pa., April 15, 1965, to five years. Sentence was suspended and he was placed on probation for five years on the condition of restitution of $2,564.94 to two franchise holders.

Postal inspectors estimated the total public loss at $150,000.

RECEIVES DEGREE

Sandra Lou Barnstable, Rte. 5, Box 17, Antioch, qualified for a BS degree from the University of Illinois recently.

Miss Barnstable was one of 176 off-campus students to so qualify. The students are not currently enrolled in the U. of I. at Urbana, but have completed their course requirements at some other institution or one of the other U. of I. campuses.

Comfort in Space

When the astronaut of the future steps out of his capsule in outer space, his space suit will truly be his home. The suit will be heated, air-conditioned and will even have outlets for the astronaut's electric razor. Power will be supplied by rechargeable nickel-cadmium batteriest which are virtually unaffected by any extremes of temperature encounterd in outer space.

Motorists should never drive their cars unless car windows are clean and visibility assured. For cleaning purposes, keep a small window scraper and cloth in the glove compartment of your car.

GIRL SCOUT CADETTES of Troop 213 pitched their tent at the recent Day Camp. Left to right, Pat Hollimon, Denise Fowles and Donna Yoppo.

BROWNIES SPENT PART of their day in day camp on hikes accompanied by Senior Scouts or leaders.

Girl Scouts Kept Busy At Day Camp

Day Camp for the Girl Scouts and Brownies of the Sequoyah Neighborhood was held at Chain O' Lakes State Park from June 21 to June 30.

Taking part in the activities were 168 girls plus adult unit leaders. Unit leaders report the girls learned many camping skills, learned cooperation with groups and had a good time.

A typical Day Camp day starts with raising the American flag. The girls then go to their assigned units to carry out tasks assigned to them.

They plan and cook their own meals, practice setting up tents, and join in craft work.

Senior girl scouts teach the younger ones many skills Archery was a popular sport this year, plus lessons in marking trails, learning to recognize varieties of plant and animal life.

Campfires, with sings, and games round out their day in camp.

State Convention For Rainbow Girls

Girls from throughout the state will begin registering on Thursday, July 15, for the 34th annual session of the International Order of Rainbow for Girls.

The grand assembly, which will continue through Saturday, July 7, will be held at the Conrad Hilton in Chicago.

Harriet Wells, a past worthy advisor of Antioch Assembly No. 23 and a teller at the State Bank, will preside over the session. The order was founded April 6, 1922, by the late Rev. W. Mark Sexson, McAlester, Oklahoma, is the home of the International temple.

Rainbow is represented in 46 states and 14 foreign countries, and was organized in 1925 in Illinois. There are over 100 assemblies in Illinois, 15 of which are in Chicago area. Active members in the state number about 6,000.

The purpose of the organization is to teach teenage girls between the ages of 12 and 20, the ideas of love of home, country, school and church. Members also are encouraged to be a service to the community.

Rainbow girls learn parliamentary law and the proper procedure for conducting business meetings. Their program includes service projects such as community service to hospitals, aid the needy on holidays, donate Bibs to the Macon Eastern Star Home in Macon and send small gifts to the ladies at the Eastern Star Home in Rockford.

Rituals in the organization teach members the value of color in their lives. For example, red means love; orange, religion; yellow, nature; green immortality; blue, fidelity; indigo, patriotism; and violet, service.

The Rainbow motto is love and service.

Teen-age girls between the ages of 12 and 18 may petition the order for membership, provided they can be properly recommended by an Eastern Star or a Master Mason. A girl does not have to be a member of a Masonic or Eastern Star family in order to qualify for membership.

The girls have their own scholarship and any deserving Rainbow girl may apply for a nurse's scholarship to the Illinois Masonic Hospital.

This year, at the Grand Assembly Session, Linda Brown and Kathy Gaston will be in the Grand Choir; Leslie Beese, worthy advisor of Antioch Assembly, will be Miss Wells' personal Grand Page; and Judy Wells, Harriet's sister, will serve as a Junior Grand Page.

Miss Wells and several of the girls from other assemblies will receive their 20th years majority service.

Karen Jennrich, a past worthy advisor of Antioch Assembly, will serve as chaplain during the Memorial service on Saturday morning.

Other members who will attend the session are: Sue Bloom, Gail Gibbons, Laurie Markwart, Juanita Gillum, Pam Hagstrom, Margo Nadr, Mickie Jonas, Darlene Wieghart, Edlith Bruski, Jeannine Dow, Debbie York, Karen Walker, Joan Gussarson, Ainsley Brook, Diane Polsgrove, Bonita Bell, Cheryl Pincombe, Susan Lindhorst, and Donna Garrison. Adults who will be assisting Mrs. Wilma Gibbs, Mother advisor, will be Mrs. Amy Wells, Mrs. Margaret Pincombe, Mrs. James Bruski and Mrs. Andrew Lorentz.

On Saturday, Mrs. Bruski, Susan Bloom, and Karen Jennrich will receive the degree of the Grand Cross of Color. This degree is given for service rendered to the Order of the Rainbow. Mrs. Amy Wells, who was elected by Antioch Assembly, received the degree at Quincy, Ill., where the State Dean, Sandi Reeder and her officers put on the work.

Susan Lindblad, a past worthy advisor of Antioch assembly, will serve as Grand Hostess during the 3 day session.

CHRISTIAN SCIENCE CHURCHES

The record of Jesus' last supper and his meetings with the disciples after his resurrection will be reviewed in the Bible Lesson-Sermon to be heard in all Christian Science churches this Sunday, July 11.

The subject is "Sacrament," and the Golden Text is from I Corinthians: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

One of the related passages to be read from the Christian Science textbook will include these lines: "In the quiet sanctuary of earnest longings, we must deny sin and plead God's allness. We must resolve to take up the cross, and go forth with honest hearts to work and watch for wisdom, Truth and Love (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 15).

County Gains In Industries

Lake County gained 35 new firms in 1964, but lost 10, according to the latest industrial census.

The 1965 edition of the Illinois Manufacturers Directory lists 337 manufacturing or processing firms in Lake County, including the 35 new ones. The 1964 directory listed 312.

Waukegan, leading industrial city in Lake County, now has 81 companies, including three new ones. Biggest business gainers—Highland Park and Mundelein—added 7 and 6 and now lists 34 and 20 firms respectively. Cities gaining three firms and number now listed: Zion 16, Lake Forest 7.

Cities with 2 new firms and number listed include North Chicago 34, Libertyville 31, Lake Bluff 5, and Lake Villa 4. One new firm each is listed in Deerfield which now has 13, ake Zurich 13, Wauconda 9, Ingleside 3, and Buffalo Grove 2.

Other cities and number of firms include Antioch 26, Fox Lake 7, Grayslake 12, Gurnee 8, Half Day 1, Highwood 1, Island Lake 1, Prairie View 2, Round Lake 4, Russell 1, and Wadsworth 2.

Last year 908 new firms opened for business throughout Illinois, according to the just-published industry register.

Local entries in the directory include company names, products, products, brand names, telephone numbers—plus names and titles of executives.

"Executive increase is a striking indication of Illinois' industrial growth," said Dubin. "The 1965 edition lists 3,345 more executives than the 1964 book—an increase of nearly six per cent."

A slow-poke on an expressway is a real hazard because he encourages other drivers to become impatient and pass dangerously. As in most situations, the majority rules. So if you can't keep up the pace, better keep off the expressway.

DEATH NOTICES

LORETTA M. LANCE

Mrs. Loretta M. Lance, 71 years old of the North Shore of Loon Lake Subdivision near Antioch, passed away Saturday, July 3, at her home after a one year illness.

She was born Nov. 17, 1893 in Chicago and resided there until moving to Antioch permanently five years ago, but had been spending her summers here since 1950. Mrs. Lance is a member of St. Peter's Church in Antioch, and the Altar and Rosary Society of that church. She is a past president of Chicago Assembly of Catholic Daughters of America, and had also been Illinois State Secretary of the Catholic Daughters of America. She held membership in the Antioch Woman's Club. She married Roy C. Lance in Chicago on January 15, 1920.

Survivors are the husband Roy C. Lance, Antioch, one daughter, Mrs. Robert (Lorabel) Andrews, Mundelein, and four grandchildren.

Mass was said at 11 a.m. Tuesday at St. Peter's Church in Antioch. Entombment was at Queen of Heaven Cemetery in Hillside, Ill.

ELIZABETH B. STRAHAN

Mrs. Elizabeth B. Strahan, 78 year sold of Newport Township passed away Sunday, July 4, at 9:10 p.m. in her home on Highway 173 after a two week illness.

She was born October 3, 1886, in Newport Township and had lived there all of her life. (She had lived on the farm where death occurred since 1916.) She was a member of St. Patrick's Church at Wadsworth and the Altar and Rosary Society of that church. She also held membership in the Wadsworth Camp No. 1587 of the Royal Neighbors of America.

She married John J. Strahan on April 19, 1911 at St. Patrick's church. He died on February 8, 1961.

Survivors are a son, William L. Strahan, Antioch; one daughter, Mrs. Fred (Lillian) Mico, Kenosha, and 12 grandchildren.

Funeral mass was said at 10 a.m. Wednesday at St. Patrick's Church in Wadsworth. Interment was in Ascension Cemetery, at Libertyville.

EMIL WEYRAUCH

Mr. Emil Weyrauch, 75 years old of Camp Lake, Wis., passed away on Wednesday, June 30, at 7:25 p.m. at the Veterans Administration Hospital at Wood, Wis., where he was admitted on Monday. He had been sick 3 days with pneumonia.

Mr. Weyrauch was born April 24, 1890 at Powers Lake, Wis., and had worked as a farm hand in the Twin Lakes and Silver Lake area until he moved to Camp Lake 3 years ago. He held membership in Schultz-Hahn American Legion Post No. 293 at Silver Lake. He was preceded in death by one brother, Albert on July 4, 1963.

His survivors are two sisters, Mrs Emma Schmidt, Fox Lake and Mrs. Hulda Schultz, Waukegan, several nieces and nephews.

Funeral services were held at 2 p.m. Saturday at the Strang Funeral Home in Antioch. The Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was in Liberty Cemetery north of Antioch.

PETER J. BROWN

Mr. Peter J. Brown, 66 years old of Valmar Subdivision near Trevor, Wis., passed away Thursday, July 1, 1965 at 2 p.m. in Willowbrook Sanatorium at Kenosha, Wis., after a six months illness.

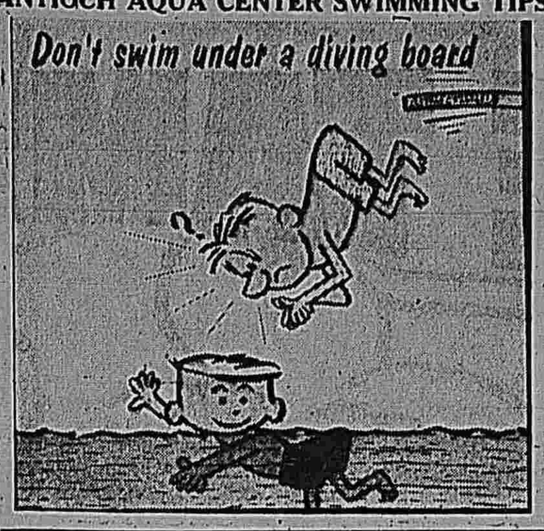

He was born August 14, 1898 in Hopkins, Michigan, and had resided in New York State before moving to Chicago in 1930, and has lived at Trevor since 1961.

He worked as chief engineer for Covenant Club in Chicago for 15 years and retired last year. Mr. Brown was a member of International Union of Operating Engineers Local No. 399 in Chicago, and attended Holy Name Church in Wilmot. He married Rowena Clark on April 18, 1925 in Chicago.

He is survived by his wife Rowena and a son, Charles Brown, Trevor.

A funeral mass was held at Holy Name Church in Wilmot at 10 a.m. Tuesday, July 6. Visitation was at the Strang Funeral Home after 2 p.m. Sunday until time of services.

ANTIOCH AQUA CENTER SWIMMING TIPS

AN ORDINANCE SETTING FORTH THE BUDGET AND MAKING APPROPRIATIONS OF SUMS OF MONEY FOR ALL OF THE NECESSARY EXPENDITURES OF THE "FIRST FIRE PROTECTION DISTRICT OF ANTIOCH TOWNSHIP", LAKE COUNTY, ILLINOIS, FOR CORPORATE PURPOSES FOR THE FISCAL YEAR BEGINNING MAY 1, 1965 AND ENDING APRIL 30, 1966.

WHEREAS, there has been prepared in tentative form a budget and appropriation ordinance for the First Fire Protection District of Antioch Township, Lake County, Illinois, and the Secretary of said Fire Protection District has made the tentative budget and appropriation conveniently available to public inspection for at least one week prior to final action thereupon;

AND WHEREAS, a public hearing was held as to such budget and appropriation ordinance on the 29th day of June, A. D. 1965 at 8:00 o'clock P. M., Central Daylight Saving Time, notice of which was given at least one week prior thereto by publication in the Antioch News, a newspaper published in said Fire Protection District, and all other legal requirements have been complied with;

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE FIRST FIRE PROTECTION DISTRICT OF ANTIOCH TOWNSHIP:

Section 1. That the fiscal year of this Fire Protection District be and the same is hereby fixed and declared to be from May 1, 1965 to April 30, 1966.

Section 2. That the following budget, containing an estimate of the cash expected to be received by said Fire Protection District during such fiscal year from all sources, an estimate of the expeditures contemplated for such fiscal year and a statement of the estimated cash expected to be on hand at the end of such year, be, and the same is hereby adopted as the budget of said Fire Protection District for the said fiscal year and shall be in full force and effect from and after this date.

Estimated Receipts

1.	Cash Balance, beginning of year	$ 7,672.83
2.	Estimated amount of cash that will be received during this fiscal year from all sources	12,000.00
	Total Estimated Receipts	$19,762.83
	Total of Estimated Expenditures for Fiscal Year	14,000.00
	Estimated cash to be on hand at end of such year	$ 5,672.83

Section 3. That the following sums of money be and the same are hereby appropriated for the corporate purposes of said First Fire Protection District, herein specified, for the fiscal year ending April 30, 1966.

1.	**ADMINISTRATION EXPENSE FUND**	
	a. For postage and office supplies	$ 75.00
	b. Printing and publication	100.00
	Telephone Answering Service	400.00
2.	**LEGAL EXPENSE FUND**	
	For legal services and expenses	200.00
3.	**FIRE PROTECTION FUND**	
	a. For purchase of fire equipment and apparatus	3,800.00
4.	**FIRE EQUIPMENT MAINTENANCE FUND**	
	a. For repair, maintenance and replacement of fire equipment	475.00
	b. For gas and oil for fire equipment	50.00
5.	**SALARY FUND**	
	a. For compensation to firemen	3,500.00
	b. For compensation to fire chief	250.00
	c. For compensation to trustees	125.00
6.	**RENT FUND**	
	a. For lease of fire equipment and storage thereof from the Village of Antioch, pursuant to contract	1,200.00
7.	**INSURANCE FUND**	
	a. For insurance on equipment	$ 600.00
8.	**CONTINGENT FUND**	
	a. For contingent, miscellaneous and general unforeseen expense, not included in any item above	225.00
	Total	$11,000.00

Section 4. That the unexpended balance of any item or items of any appropriation made by this Ordinance may be expended in making up any deficiency in any item or items in the same general appropriation made by this Ordinance.

Section 5. That should any clause, sentence, paragraph or a part of this Ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so declared to be invalid.

Section 6.....This Ordinance shall be in full force and effect after its passage, approval and publication, in accordance with the law.

SEAL.

C. CROWLEY

Gas Pedal Stuck-- What To Do?

What do you do if you take your foot off the gas pedal, but the car does not slow down—instead it speeds forward because the pedal has stuck? It should not happen, but it does.

The Chicago Motor Club points out that every year a great many persons meet this predicament, with injuries and deaths resulting.

The action you should take, according to the motor club, is to turn off the car's ignition immediately and start braking to a safe stop. Leave the car in gear, in both manual and automatic transmission cars, to take advantage of the braking action of the engine.

WELL, WHAT DO YOU EXPECT FOR NOTHING?

From the Petaluma, Calif., Argus-Courier: "The New York Times recently printed the following news item: 'Accrington, England — Derek Jopson, 25 years old, was informed by health authorities recently that he could have his tonsils taken out soon at the local hospital. He has been on the hospital's waiting list for ten years.' Is this what we can look forward to under Medicare in the United States?

CAR INSURANCE

"One of the reasons why our car insurance premiums are so high is because of the fake claims turned in by owners.

"An area manager for an insurance company said that of the 12,000 bodily injury claims turned in to his company in Chicago last year about 3,600 were for nonexistent or exaggerated injuries.

"Since insurance rates are set by law and are based on loss experience, last year's losses are this year's rate increases.

"It's about time that motorists realized that insurance company claims are paid out of their dollars and claims should be based upon old-fashioned honesty."

"YIELD RIGHT OF WAY"

Many motorists do not have proper respect for "Yield Right of Way" signs. These signs are becoming increasingly numerous and are found at most thoroughway approaches. Upon approaching a "Yield" sign, the driver should always give right-of-way to through traffic. A full stop is not required, but the driver should always be prepared to do so if the traffic condition warrants.

The Galapagos Islands is a group of 13 islands in the Pacific Ocean.

Turn that they may see, and know, and consider, and understand together.— (Isa. 41:20).

To show our gratitude for the freedom that God has given us we should be thoughtful, considerate and understanding of all the people with whom we come in contact.

Business Minded

A jeweler's absent-minded assistant was being married. When it came time to present the bride with the ring, he hesitated. "With this ring—" prompted the minister.

"With this ring," said the bridegroom, "we give a written guarantee, reminding the customer that the price will be refunded if it is not as represented."

Reimer Cops 50-Lapper

Johnnie Reimer, the Caledonia Automotive specialist, took the lead on the 23rd lap and raced to his first extra-lap modified stock car feature of the season at the Waukegan Speedway Sunday night. Al Gutche claimed the late model feature in a final lap decision, a reverse of one week previous for Gutche. The largest crowd of the season witnessed over sixty cars participate in the holiday events.

Duane Harris sped by Bill Schultz in the third lap to grab the lead in the modified 50-lap feature. In the fifth lap fifth running Bob Anzinger rammed the first turn wall.

By lap 10, Harris held a slim lead over Harold Wade, last week's winner, Bill Strom, Bay Darnell and Reimer. In the 15th lap Darnell and Jim Sullivan, 50-lap record holder, both spun completely around in the first turn, but recovered and continued. One lap later, Reimer shot past Wade and went after Harris.

Reimer caught Harris on the 22nd circuit and wasted no time as he took the lead on the next lap. Reimer proceeded to settle in a groove and pulled away from his competition as the challengers fell back one by one. Only four cars finished on the same lap as a hard slick track caused many cars to spin.

Seventeen cars started the modified semi-feature. Lauren Lawrence and Homer Ansell tangled as they took starter Frank Pinter's green flag. Both cars plowed into the infield. Lawrence was taken to the hospital as he suffered a possible leg injury. As the race continued, Darv Nissen grabbed the lead from Tom Anderson of Antioch in the 8th lap. In the 15th and final lap. Bill Ansell challenged Nissen for the lead in the third turn. As they dueled, the cars tangled, Nissen leaped into the infield, and Ansell slowed enough to allow Anderson to slip by and triumph by a mere six inches.

In the second heat race, Ken Monroe and Homer Ansell tangled, with Fran Ansell vaulting over brother Homer's car, but landing upright. On the re-start, the three Ansell brothers finished one, two, three: Bill first; Fran second; and Homer, third. The third heat was claimed by Harris, who roared up from his last row starting position to edge Wade and taste the lead in the 9th lap. Then in the fourth and fastest heat race, Sullivan dueled Strom, Reimer, and Bob Ratajczyk for the entire distance. Sullivan, Strom and Reimer were under the proverbial blanket in that order across the finish line.

Gutche Grabs Late Model Feature

Al Gutche jumped into an early lead in the late model 12 lap feature and looked like a sure winner as he worked through the traffic jams. But in lap 10 Jim Cossman moved into second place and closed in on Gutche. As they took the white flag they were wheel to wheel. They dueled around the track until Cossman took a distinct lead in the third turn. The finish looked to be a carbon copy of last Sunday's race in which Cossman passed Gutche on the final curve to win, but as fate would have it, Cossman spun wildly into the infield allowing Gutche, Dennis Burgan (in a borrowed car), Odell Jones and Joe Balding to speed by before he recovered.

Rex Royale won the jalopy demo which saw three cars start up a second time after officials declared the event completed and many fans had left.

Next Sunday night, a complete modified and late model racing program will be presented and in addition a twist contest will be included. The "Emotions" will furnish the music for this activity. Also next Friday evening, a special A.M.A. motorcycle racing program will be presented at the Waukegan Speedway.

Lake Villa Little League

By Mrs. Bernice Bernau

In games played during the week of June 28 through July 3, the Lake Villa Township Little League Angels came up with three wins to again take over the top spot, by one-half game. Two of the three victories were over the Cubs. In the playoff of a tie game with the Cubs, the Angels won 12 to 11, and defeated the Cubs 17 to 6 in a regularly scheduled game. The Angels also defeated the Giants by a score of 8 to 3.

The second place Dodgers who have handed the league leading Angels their only two defeats kept pace by winning over the Sox, 11 to 0, and are only a half-game behind.

The Yanks dropped to fourth place after being upset by the Braves and the Pirates moved into third place by defeating the Cubs 5 to 1.

Checkers Win In Girl's Ball League

The Checkers were the winners of both games played in the Girls' Softball league last week.

Casey's Trap bowed to the Lake Villa Creckers at Golfview on June 29, with the score 19-7 at the end of the game.

On July 1, the Checkers beat the Antioch Darts at Lake Villa by a score of 9-2.

JUST A LITTLE COURTESY MAY SAVE A LIFE

Pull off the side of the road and allow cars to pass if traffic piles up behind your slow moving farmt tractor. It takes a few minutes longer but it could prevent another traffic tragedy. When driving a slow moving vehicle consider other highway

Luther Wins Sat. Night Feature

Jim Luther scored an impressive victory in the 35-lap late model holiday championship stock car races at the Waukegan Speedway Saturday night. Until this win, Luther had settled for second spot in six features this season without tasting victory. His Ford, newly remodeled into a convertible, found the right groove and proceeded to outdistance Jim Cossman, Pete Brewer, Jim Clark and Tim Seyl.

The feature took its toll of cars, as seven of the top qualifiers failed to finish. Ray Dixon spun in the second lap brushing Odell Jones. Jones did not slow, but a spring had been pushed into the right rear tire and blue smoke poured from his convertible.

By lap nine Luther was leading, with Jones second, Dennis Burgan third, and Cossman had worked into fourth spot. Finally Jones' tire went flat, and he looped into the infield on lap ten.

Half a lap later, point leader Burgan smashed into the backstretch wall, severely damaging his Lark convertible. On the restart, Luther maintained his lead by turning sub-eighteen second laps to win the trophy by G. L. Miller Dodge in Waukegan.

Earlier in the evening, John Hood, Jones and Burgan tangled in the trophy dash. Burgan spun completely around in front of the main stands and flashed on fire for an instant.

Later in the third heat race, Jones and Burgan charged to the front from their back row starting positions, Jones getting there first. The two convertibles scorched the track in the fastest late model laps ever seen at the speedway, with Jones lowering the ten lap mark set just one week before by Cossman.

Joe Selzer won the final jalopy event on two wheels as he lost both front tires in the action. Butch Anderson entered his tow truck in the melee when his own jalopy would not run and managed to bend a little sheet metal. Next week another demo is promised and in three weeks, the late model midseason championship will be contested.

Darnell Winner At Wilmot Track

Bay Darnell of Deerfield scored his second win in as many weeks at the Kenosha County Speedway Saturday night on the eve of the July 4th Holiday. The 25-mile lap feature was a tough race on the cars as well as the drivers as it had to be stopped and restarted twice.

Darnell started in fourth position and traded second spot with Don Erickson several times before finally solidly securing that position while Jr. Dodd of Waukegan led. On the second restart, Darnell grabbed the lead and in spite of efforts by first Rodger Otto and later Jim Lawrance, hung on for the win ahead of Lawrance, Don Scorce, Bill Strom, Chuck Uttech, Kenny Tolugan and Jim Sullivan.

Sullivan had set fast time in qualifying with a one lap average of 54.43 MPH.

Rodger Otto of Burlington, Jim Olett of Hales Corners, Don Erickson and Jr. Dodd were all victims of mechanical troubles and had to drop out of the tough competition. Current point leader, Duane Harris of McHenry, managed only a 14th place finish in spite of the fact that he had been fourth at one point in the race.

The ten lap heat races were won by Tom Anderson of Antioch, who scored his first win in the 1965 season; Gino Wagner of Cudahay, Wis., who was able to get in only three qualifying laps before trouble with his car caused him to miss further qualifying while repairing an engine part. Phil Schultz and Rodger Otto were winners in the remaining two heats.

Gino Wagner also won the 15-lap semi-feature over Darv Nissen, Ed Pensalek, Russ Reynolds and Eddie Loomis. His time was the fastest of the night with an average of 51.81 MPH.

The spectator division of races had equally tough competition but the defending 1964 Spectator Champion driver, Harold Gutchie of Kenosha, proved himself as he won the feature ahead of Pop Kline and Dale Coats.

The Spectator heats of eight laps were won by Jack Dehnie and Joe Baulding.

The attendance was 3904 and a purse of $2007.00 was shared by the drivers.

This is the time of year, warns the Chicago Motor Club, when the dangerous situation of a fast-moving automobile encountering a slow-moving farm vehicle is prevalent. Drivers are cautioned to reduce speed on hills and curves where sight distance is restricted.

Casey's Packers Lead Ball League

Casey's Packers are currently leading the Lake-Keno softball league, with a 9-0 record. The games are played at Golfview, north of Antioch on Route 83.

Timely hitting and a good defense are given by the players as a reason for their success. The infield players include Lonnie Christensen, Bob Doyle, Richard Gonding, Richard Gudgeon, Chuck Larson, Bob Martin, Don Pyles and Wayne Swanson. Outfield players are Mike Cilik, Jack Lawrence, Wally Ring and Richard Wolf.

The pitching chores are divided by the senior men of the club, Frank Heiselmann and Tom Poulos.

Tournament time is just around the corner for the players in the league. Any teams wishing to play Casey's can get in touch with Wally Ring at 356-7171 or Wayne Swanson at 395-1864.

"NO HUNTING"

A man was returning from a hunting trip in the Maine woods. He was disgusted because he hadn't shot a single duck. Then he saw a farmer standing by a tree watching some ducks on a pond. On the tree was a sign which read, "No hunting."

The hunter had a brilliant idea. "If I give you a dollar, may I take a shot at those ducks?" he asked the farmer.

"I don't mind," answered the man as he took the dollar.

The hunter fired and killed three ducks.

"Looks like I got the best of that bargain," said the hunter.

"I wouldn't be too sure," replied the farmer. "I don't own the pond and they ain't my ducks, and here comes the owner now." And he stolled off pocketing the dollar.

BOWLING WITH THE STARS

by Bill Bunetta AMF Staff of Champions

Curve Ball and Hook Ball

Just as star bowlers recommend that bowlers use the hook ball, they equally stress against use of a curve ball. I always advise bowlers to cut down on their curve as much as possible, since it is quite hard to be consistent or accurate with this type of ball.

Stop and think for a moment. If you throw a curve ball, it travels far across the lane and then back to the pins. This leaves more margin for error, and this margin is amplified with the less experienced bowlers. A curve ball takes a great deal of wrist action and strength. Achieving the exacting amount of wrist action on every ball is extremely difficult.

The hook ball is the one I recommend for the bowler who has acquired some accuracy with the straight ball and who has attained some proficiency in his game. The hook ball travels down the lane in a relatively straight line until it approaches the pins and then breaks sharply into the pocket. Since the hook ball breaks only a few inches after its departure from the seemingly straight line, it is very effective when it hits the pins. It has driving power as well as the deflection action that makes for a good pin scattering ball. For these reasons the hook ball is the most popular type ball used by the stars.

First Smallpox Case Since 1949 In U.S.

Dr. Arthur Baker, Medical Director of the Lake County Health Department, has announced that a case of smallpox had recently been reported in Washington, D. C. This is the first case of smallpox to occur in the United States since 1949.

The person was a 31-year old woman from Ghana, who arrived in the United States on May 7. On May 17, her first symptoms were noted. A few days later the patient was admitted to a hospital in Washington, D. C. As soon as it was recognized that this was a possible case of smallpox an extensive effort was made to see that all persons who had been directly or indirectly in contact with the woman were protected by vaccination.

This action involved over 1,000 persons. The search for contacts went as far as Boston, Mass., where city police traced a doctor who had been present when the woman first entered the hospital. One of the last contacts was the cab driver who had driven the women and her husband to the hospital.

"Fortunately," stated Dr. Baker, "no other cases have occurred as a result of this single case." Dr. Baker continued, "With so many unprotected adults in our population, it is easy to see how an epidemic could break out. In fact, this very thing has happened in some European countries where conditions are similar. Last year the American Medical Association warned that smallpox had increased an average of 13% in most areas of the world and that the level of immunity in this country was shrinking."

"With international travel becoming more and more popular," Dr. Baker stated, "every person should be properly protected. This means that many adults who were vaccinated in the past need to be re-vaccinated. A childhood vaccination does not offer adequate protection."

Dr. Baker concluded by saying that persons should be re-vaccinated against smallpox every 5 years.

WAITING FOR HANDOUTS

What is the ultimate effect of a welfare state on the individual? A striking and unusual little editorial which recently appeared in the Richmond, Virginia, News Leader helps answer that question: "In Mount Rainier National Park, Wash., a ranger cautions visitors against feeding the animals. The ranger explains that deer grow accustomed to visitors' handouts and lose the ability to fend for themselves. Bears, he says, come to believe that free food is their due — and become grouchy and violent if they don't get it. Chipmunks and squirrels congregate where handouts are supplied, and thus upset the balance of nature.

"There is a lesson here for people—and for their governments."

There certainly is—and it's about the most important lesson we can learn. The welfare state is the enemy of individual pride, individual responsibility, individual initiative and individual freedom. It makes for a faceless mass of human statistics, waiting supinely for handouts from their masters.

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

ABOUT YOUR MEDICINE CHEST

Medications can truly perform miracles . . . but if used indiscriminately they can be disastrous. Here are a few tips to protect you and your family from becoming victims of drug poisoning.

1. Clean your medicine chest regularly. Keep only medicines you are currently using. Throw away old prescriptions. Many drugs lose their strength and even change chemically with time.
2. Keep medicines in their original containers—and if you carry pills in a box, identify them with a label.
3. Read carefully the directives on the container.
4. Don't share your prescription with another member of your family. What the doctor prescribes for you may not be good for them.
5. Don't keep medicines near your bed. You could accidentally take an overdose while sleepy.
6. Never take more than one drug at a time unless you are told to do so by your physician. By combining medicines, you could be taking the same ingredients twice and thus go over the limit.
7. Take special care with medicines that look and taste like candy. Children quite often get overdoses with these products.
8. Make certain medicines are out-of-reach of children.

Modern drugs are a far cry from the herds of the tribal medicine man. . . . and MUST be used with a great deal more respect. Used properly, they can perform marvels of healing—but misused, they can cause serious illness and even death!

Holiday driving can be safe and enjoyable— if — you follow defensive driving rules. Use the space cushion concept. Look ahead of your car at least a block in city driving and at least a half-mile in the open country.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

The annual Golf Outing will be held Sunday, July 11, at George Diamond's.

A check for $111,929.20 was presented to Msgr. Kelly, Director of the C.Y.O. at a meeting last week. The money was raised by the Knights of Columbus for the Catholic Youth Organization and is to be used for underprivileged youth. St. Peter's of Antioch Council was one of 29 councils that received a special award for their contribution.

Men and women representing the parish are needed for the Lake Villa Rescue Squad Fund Drive.

Women's Club Meeting

The Lindenhurst Women's Club will meet tonight, July 8, at the Civic Center at 8 o'clock. William O. Webb, from the Mental Health Society in Waukegan will be the guest speaker. He will also show a film, starting at 9 p.m.

Plans for the Fun Fair to be held on Saturday, July 10, from 9 until 2 p.m. will be completed.

Card Party

Ivy Cancer League will sponsor a card party Tuesday, July 13, at the Lindenhurst Civic Center at 8 p.m.

Diaper Set

Mr. and Mrs. Gerald Hazel, Ridge Court, are the proud parents of a 9 pound, 5 ounce little man. Gerald Glenn, Jr., arrived at 12:48 a.m., June 30 at Victory Memorial Hospital.

Mr. and Mrs. Walter Willing, 70 Rose Tree, welcomed their second child June 29 at Victory Memorial Hospital. Amy Jean weighed in at 7 pounds, 12½ ounces. They have a son, Walter, 2½ years old.

NO TWO ARE EVER ALIKE!

Individual insurance needs differ, too. One of the many services we perform for our clients is to help them choose the types and amounts of insurance best fitted to their particular requirements. You will find us ready and willing to discuss your insurance needs anytime—at your convenience.

Beach Grove News

BEACH GROVE
By Del Jahneke

Mr. and Mrs. Thomas Jacobson, Beach Grove, have just returned home from attending Mrs. Jacobson's high school's 25th class reunion. She had graduated from the Dearborn High School, Dearborn, Mich., in June 1940, was the class valedictorian, and also had won the "highest honors cup." The reunion was held at the Warren Valley Country Club on June 25, with many of her former classmates coming from as far away as Texas, California, and New York.

Recently, the Mike Ditzig family of Grass Lake entertained some 40 relatives of the Ditzig family at a large picnic party. Mr. Ditzig's brother, Ray, and his wife have also been visiting them from Denton, Arkansas.

Mr. and Mrs. Ed Jahneke, Beach Grove, were in Waukegan and Gurnee on July 4. Mr. Jahneke, as Captain of the Honor Guard of the Gurnee American Legion Post, led the large Waukegan parade that morning. Afterwards, eight members of the Honor Guard and their families enjoyed a pot luck cook-out dinner at the Robert Hansen home in Gurnee.

Attends Conservation Workshop At NIU

Bob Beese, Rt. 1, Box 543, Antioch, was one of 44 students attending the Youth Conservation Workshop at Northern Illinois University from June 28 to July 2.

Bob was sponsored by the Antioch Woman's Club. The students made field trips to northern Illinois conservation areas, bird sanctuaries and NIU's Lorado Taft Field Campus. In addition, the participants attended classes featuring both NIU and guest lecturers.

BUSINESS TERMS DEFINED.

Consultant (or expert): Any ordinary guy more than 50 miles from home.

To Activate: To make carbons and add more names to memos.

Confidential Memos: It was too late to mimeograph this.

Note and Initial: Let's spread the responsibility.

Under consideration: Never heard of it.

Under Active Consideration: We're looking for it.

Research Work: Hunting for the guy that moved the files.

A survey is being made of this: We need more time to think of an answer.

Will advise in due course: If we figure it out we'll let you know.

See me, Let's discuss: Come down to my office, I'm lonesome.

Let's get together on this: I'm assuming you are as confused as I am.

To spell out: To break down big hunks of double talk into little hunks of double talk.

Referred to higher authority: Pigeonholed in a more sumptuous office.

Status quo: The mess we're in.

Spearhead the issue: You be the goat!

The issue is closed: I'm tired of the whole affair.

Anon.

The president of the firm was traveling to a nearby city on an early morning train. In the dining car he summoned the steward and declared: "I'd like to try that $6 breakfast my men report when they ride this train."

MSOE Schedules Orientation Programs

Three Wednesday evening orientation programs for interested students and their parents have been scheduled by the Milwaukee School of Engineering on July 28, and August 9.

Purpose of "Summer Evening at MSOE," according to William D. Jelinske, Director of Admissions, is to give prospective students and their parents information about the MSOE curriculums, freshman study-help programs, financial aids, student activities, placement after graduation, and other topics such as the new Roy W. Johnson Residence Hall.

The informal sessions are held in the Allen-Bradley Hall of Science, 432 East Kilbourn Avenue, conveniently close to the intersection of Highways 16 and 32 in downtown Milwaukee.

Legal Notice

LEGAL
NOTICE TO BIDDERS
WATER SYSTEM IMPROVEMENTS AND SANITARY SEWER EXTENSIONS
ANTIOCH, ILLINOIS

Notice is hereby given that the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, will receive bids at the Village Hall, 875 Main Street, until the 20th day of July, 1965, at 8 p.m., Central Daylight Saving Time, for the construction of sanitary sewer and water improvements, at which time and place the bids will be publicly opened and read. Bids will be acted upon at said time and place, or at a later time and place as may be then fixed.

The work to be done is as follows:

Contract E

Provide and install one 600 G.P.M. well pump and motor, auxiliary natural gas engine and controls.

All work is to be performed in accordance with the plans and specifications which are on file in the Village Hall, and at the Office of Applied Engineering Company, 940 East Northwest Highway, Mount Prospect, Illinois.

All bids shall be submitted, on forms provided, to the Village Clerk on or before the time specified above.

Each bid shall be accompanied by a check, drawn on and certified to by an acceptable Illinois bank in an amount of not less than ten percent (10%) of the total bid, made payable to the Village of Antioch, Illinois. The certified check shall be forfeited if the bidder fails to enter into a contract and furnish bond after his proposal shall have been accepted. The certified checks of unsuccessful bidders will be returned within 15 days of the award of a contract. The certified check of the successful bidder will be returned after he enters into a contract and furnishes a satisfactory performance bond.

The successful bidder shall furnish a performance and guarantee bond to the Village of Antioch in the amount of 100% of the contract.

Payment will be made in cash on the basis of approved progress estimates.

The work shall commence within ten (10) calendar days after date of written notice to proceed, and all work shall be completed within forty-five (45) calendar days after date of written notice to proceed.

The Contractor shall pay labor empolyed on the work, not less than the prevailing wage scale are required by state statutes.

The Village reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) days after opening of bids, and reserves the right to reject any or all bids, to waive informalities or technicalities in any bid, and to accept the bid which it deems to be in the best interests of the Village of Antioch, Illinois.

LAST BIG WEEK!
PLAY "MAKE-MONEY" . . .
WIN UP TO $500 CASH!

BE A WINNER - HERE'S HOW:
Get a free "Make Money" envelope each time you visit Jewel. Your envelope will contain either half of a "Make Money" bill and a "Money Saver" coupon . . . or a free free food certificate. Here's all you do to win:

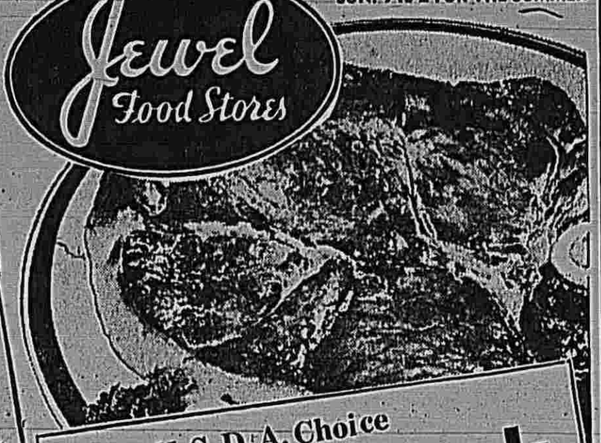

1. If you collect a matching pair of "Make Money" halves — both the left half and the right half of the save denomination — you win that amount of cash . . . either $500., $100., $10., $5 or $1. Present both halves at Jewel . . . and the cash prize is yours!
2. When your envelope contains a free food certificate — bring it to Jewel and you will receive free whatever fine quality Jewel product your coupon names. In addition, Jewel will give you another free "Make Money" envelope.
3. Each "Money Saver" coupon attached to a "Make Money" half bill means extra savings toward the purchase of one of 18 fine Jewel products.

Be sure to save all your Half Bills and increase your chances to win.

STATE OF ILLINOIS, COUNTY OF LAKE, SS. IN THE CIRCUIT COURT OF THE NINETEENTH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS, IN CASE NO. 65-2926, MARY F. MERRIFIELD, PLAINTIFF, VS. ROBERT L. MERRIFIELD, DEFENDANT

The requisite affidavit for publication having been filed, Notice is hereby given you, Robert L. Merrifield, Defendant in the above entitled suit, that the above suit for divorce has been commenced in the Circuit Court of Lake County, Illinois, by the Plaintiff against you praying for the entry of a decree of Divorce and for other relief; that Summons was duly issued out of said Court against you as provided by law and that the said suit is still pending.

Now therefore, unless you, ROBERT L. MERRIFIELD, file your Answer to the Complaint in the said suit or otherwise make your appearance therein in the said Circuit Court of Lake County, Illinois, on or before the 26th day of July, A. D. 1965, default may be entered against you at any time after that day and a Decree or Judgment may be entered against you in the said case in accordance with the prayer of the said complaint.

As early as 1856, Horace Greeley sponsored a corn-growing contest for New York boys, a forerunner of 4-H Club contests. Rural school superintendents and college experiment stations promoted contests in crop production and soil testing in the early 1900's.

Weekly Newspapers

"What interests the readers of weekly newspapers?

"The Suburban Press Foundation conducted a survey to find the answer to that question, and Editor & Publisher has printed the results. They cast a revealing light on the wants of millions of people who live in the small towns and the countryside.

"As one would expect, local news led the field in readership, with 92.9 per cent of those polled saying they alway read it; 6.5 per cent saying they read it sometimes; and only 0.6 per cent confessing they never read it.

"Next—and close behind—came editorials and local columns. A mere .07 per cent said they never read these.

"Third in reader interest was advertising. Only 2.7 per cent said they never read it. All the rest said they always or sometimes—read—it.

"Actually the whole weekly paper is very thoroughly read. Even the poorest read classification—sports news—drew a combined 'always' and 'sometimes' readership of 89.1 per cent.

"The weekly paper is one of the most welcome of visitors to homes. It stays for seven days, not just one. And the whole family has a lasting and hearty appetite for just about everything in its columns."

The Chicago Motor Club points out that it really does not cost much to be a safe vacation driver. Observe speed regulations, be courteous to others, allow plenty of space between cars, obey traffic signs and signals, and never pass on hills or curves. Following these simple precautions will help insure you a safe and pleasant motoring vacation.

Defensive driving is important at all times but doubly important while driving on a weekend holiday trip. Stay alert behind the wheel! Get the big picture! See the hazard, understand how it could affect you and take corrective action in time.

Sign over dog in pet-shop window: "Reduced! Obedience School Dropout."
